

Billco
MOVING GLASS FORWARD.

WASHING CUTTING LAMINATING LOADING & STORAGE HANDLING INSULATING

M-SERIES

Billco's M-Series is an advanced glass cutting system designed for the high speed, high volume demands of the automotive industry. Powered by linear motor technology, the M-Series can achieve the highest combination of precision, productivity, repeatability and longevity available.

Processing Capabilities

Maximum Glass Size:

30" x 30", 60" x 60", 84" x 60"

Glass Thickness Range: 1.5–6mm

Bridge and Head Drive: Linear Motor

Volume: High

Technical Specifications

Table Height: 36"

Part Repeatability: ± 0.004 "

Transport Conveyor Speed: 200 fpm

Industries

Automotive, Specialty

IMPRESSIVE

M-SERIES

Key Advantages

High Speed Processing: Delivers impressive cycle times for high volume fabricators

Superior Cutting Precision: Linear motors maintain exceptional levels of precision while operating at high velocity

Repeatability: Maintains superior cutting precision cycle after cycle

Low Maintenance Drive System:
Minimizes downtime and extends component life

Integrates seamlessly with Billco
and Third Party Loading Systems

Outstanding Features

Continuous Self Cleaning Conveyor Belt

Z-95 Cutting Head: Provides accurate cutting head pressure control and servo controlled height adjustment to improve cutting cycle time, and reduce operator intervention

Unlimited Contour Cutting Capabilities

Maintenance Free AC Digital Motors

True CNC Control System

Cycle Time Simulation and Production Analysis:
Consult with your Billco Solutions rep for a custom analysis

Common Optional Feature

Automatic Cutting Wheel Changing System

Supporting Equipment

Automatic Unstacker

Tilt Loader

Automatic Free Fall

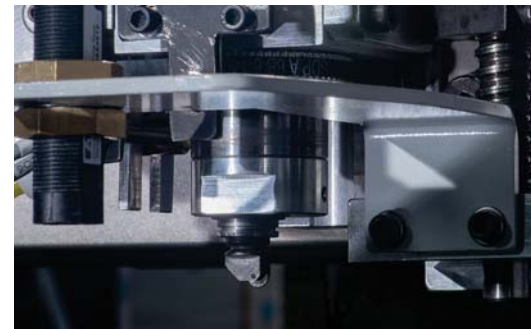

Crane Loading System

Air Float Load Tables

Air Float Breakout Tables

Space Saver

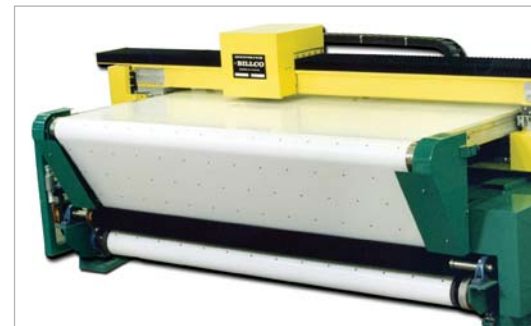

Remnant Storage System

*Cutting Head
Close Up*

*True CNC
Control*

Billco Services

Billco provides the backbone for flat glass production lines—large and small—with high quality American-made equipment and 24-7-365 never-fail relationships. Our stability and expertise is proven with high customer satisfaction ratings, uptime statistics, impressive ROI, and a multi-million dollar inventory of ready-to-ship replacement parts. Our Solution Specialists, 24-7-365 Technical Support, and Replacement Parts Team are fully dedicated to keeping your line moving. Call or visit our website for more information.
