LEGACY SERIES

Key Advantages

Customizable Process Design: Modular zones can be configured to exact processing specifications

Durable Construction: Built to last with high quality, long lasting components

Operator Friendly: Unique maintenance features for trouble-free operation

Superior Water Quality Management: Many monitoring options available for consistent results

Low Operating Costs: Built-in water and energy saving features to improve ROI

Outstanding Features

Stainless Steel Components

PLC with Touch Screen Control System

Compatible with Downstream Equipment

High Pressure Drying Zone

Low E Compatible

Common Optional Features

Pre-Spray Zone

Automatic Water Level Controls

Integrated BioClean System

Automatic Drain Feature

Stainless Steel Frame

Static Elimination System

Low E Surface Detection System

Flow Monitoring

Conductivity Monitoring

pH Monitoring

Overhead Drain Pumping System

Supporting Equipment

BioClean Water Care System

Detergent Dosing System

Overhead Drain Pumping System

Reverse Osmosis Water Generating System
