# OVERVIEW OF PRODUCTS

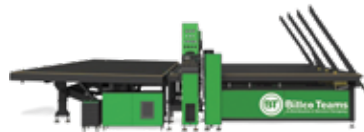

## CUTTING SYSTEMS

We offer advanced float and laminated glass cutting systems tailored to your needs. Our high-volume machines deliver exceptional precision and quality, with fully automated options featuring servo motor-driven and electromagnetic linear motor-driven cutting bridges. Trust us for optimal performance and efficiency in glass cutting solutions.

- ✓ All-in-one Glass Cutting System
- ✓ Laminated Glass Cutting System
- ✓ Tilting Glass Breaking Table
- ✓ Fixed Glass Breaking Table

*Tilting Glass Cutter*

*Laminated Glass Cutter*

*Automatic Glass Cutting Table*

*Automatic Glass Washing and Combining Line  
with Hydraulic Panel Press*

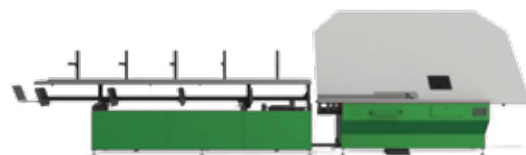

## INSULATING SYSTEMS

We utilize advanced technologies to produce high-performance insulating glass units, including double and triple glazing and structural glass facades. Our range includes single glass washing machines and complete lines with servo motor-driven automatic argon gas-filling systems. Discover our modular, flexible machinery designed for optimal efficiency and quality.

- ✓ Vertical Insulated Glass Production Line

## SPACER PROCESSING SYSTEMS

- ✓ Automatic Spacer Bending Machine
- ✓ Automatic Desiccant Filling Machine
- ✓ Spacer Cutting Machine
- ✓ Manual Desiccant Filling Machine
- ✓ Spacer Conveyance System

*Automatic Spacer Bending Machine*

## SEALING SYSTEMS

We offer a complete range of solutions for sealing insulating glass units, including manual extruder's and automatic sealing robots for double, triple, and structural glass. Our products include polysulfides, silicone, polyurethane, and hot melt sealing extruder's.

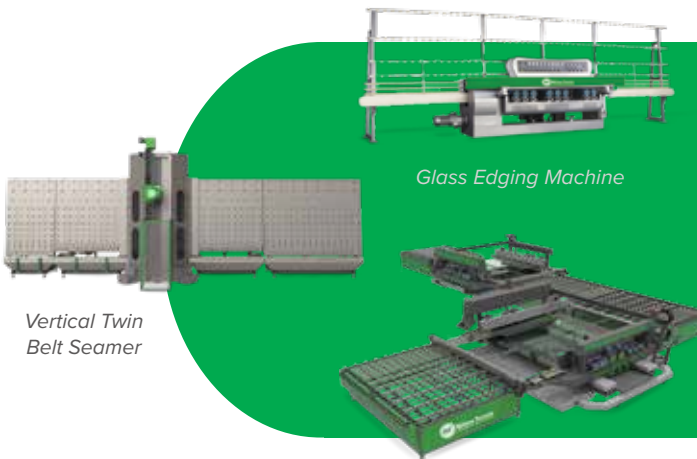

- ✓ Automatic Sealing Machine
- ✓ Manual Sealing Extruder
- ✓ Butyl Extruder (7kg and 14kg)
- ✓ Hot Metal Extruder
- ✓ Silicone Rinsing Pump
- ✓ Rotary Sealing Table (Basic and Advanced)

Glass Edging Machine

Vertical Twin Belt Seamer

Glass Double Edger Line

## PROCESSING SYSTEMS

- ✓ Double Edger Line
- ✓ Preferential Wheel Arising Machine
- ✓ Vertical Twin Belt Seamer With Diamond Tool
- ✓ CNC Horizontal Glass Processing Center
- ✓ Glass Edging Machine
- ✓ Horizontal Twin Belt Seaming Machine
- ✓ Glass Drilling Machine

## TEMPERING SYSTEMS

We provide comprehensive support for our tempering systems, including delivery, service, and technical assistance. Adapting to evolving glass performance standards, we offer a variety of solutions, from flat glass tempering for aggressive coatings to bent heat-treated glass. Choose from radiation, top convection, or dual convection options, with various size formats to meet your specific needs.

- ✓ Conventional Glass Furnace
- ✓ Flat Glass Furnace
- ✓ Flat Glass and Bending Furnace

### Billco Services

Billco provides the backbone for flat glass production lines, large and small, with high-quality equipment and 24 | 7 | 365 never-fail relationships. Our stability and expertise are backed by high customer satisfaction ratings, uptime statistics, impressive ROI, and a multi-million dollar industry of ready-to-ship replacement parts. Our Solutions Specialists, 24 | 7 | 365 Technical Support, and Replacement Parts Team are fully dedicated to keeping your line moving. Call or visit our website for more information.
