HANDLING EQUIPMENT BUYERS GUIDE

BEST SERVICE

HIGH ROI

HIGH QUALITY

HARP RACK

The harp rack improves operational efficiency, prioritizes personnel safety, and allows for flexible routing and operator training in glass handling operations.

HANDLING TABLES

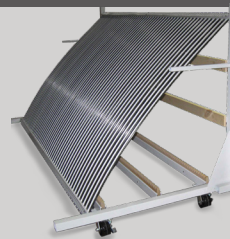

AirFloat handling and breakout tables provide smooth, low-friction glass movement, with options tailored to various table types and production layouts.

CONVEYORS

Includes staging conveyors, 90-degree transfer conveyors, quad transfer conveyors, and conveyors with pop-up decks, for efficient glass transferring.

RACKS

Includes pivoting rack bases, A-frames, and harp racks, offering versatile and safe storage solutions for glass handling and inventory management.

Billco Services

Billco provides the backbone for flat glass production lines, large and small, with high-quality equipment and 24 | 7 | 365 never-fail relationships. Our stability and expertise are backed by high customer satisfaction ratings, uptime statistics, impressive ROI, and a multi-million dollar industry of ready-to-ship replacement parts. Our Solutions Specialists, 24 | 7 | 365 Technical Support, and Replacement Parts Team are fully dedicated to keeping your line moving. Call or visit our website for more information.
