EH-Z SERIES

Key Advantages

- Intelligent Maintenance Feedback:
On-screen messaging for real time response
- Modular Design: Expandable to grow as your business grows
- Flexible: Ideal for full range of applications from standard IG and Laminating to critically clean Coating applications
- Compact: Ideal for off-line processing or limited floor space
- Maintenance Friendly Design: Reduces overall operating costs
- Durable Components: Stainless steel and polymer components throughout for superior corrosion resistance
- Overall Reduced Part Count: Fewer recommended spare parts

Outstanding Features

- Helical Gear Conveyor Drive System
- Interchangeable Upper and Lower Rolls and Brushes
- Four Recirculated Cleaning Zones
- Quick Change Bearing Blocks
- Hinged Guarding with Viewing Windows
- Integrated, Directed Self Cleaning Trays for Simple Debris Removal
- Top Lift System for Easy Maintenance Access (adjusts up to 19mm)

Common Optional Features

- Low E Detection System
 - Static Elimination System
 - Filtration Packages
- Options available to adapt to any customer process requirements.*

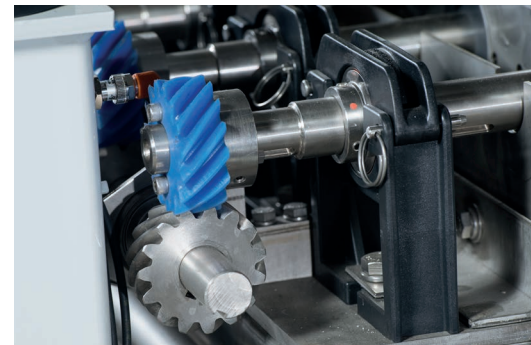

Supporting Equipment

- Detergent Dosing System
- Reverse Osmosis Water Generating System
- Overhead Drain Pumping System
